About Us

Lost Our Home Pet Rescue's mission is to provide compassionate services to pets and people in crisis. For pets and pet parents in crisis we offer the following programs:

Rescue to Adoption Program:

Foreclosure and eviction often lead to pets being abandoned without food or water. We give these forgotten friends the comfort and care they need and the opportunity to find new loving homes. Pet parents who can no longer care for their pets can take solace in knowing that they will be safe with us, and we transfer in pets from high-risk rural shelters. We work hard to find them all loving forever homes.

Temporary Care Program:

Lost Our Home has the most comprehensive program in the Valley that offers temporary care for pets of pet parents in crisis. We offer up to 120 days of shelter, medical care, food, and enrichment to assist pet parents experiencing a crisis such as domestic violence, homelessness, foreclosure, eviction, medical needs, and other life challenges. We also work closely with the pet parent to help them resolve their crisis.

About Us

Domestic Violence:

Statistics show that 45% of women will not leave an abusive situation for fear of what would happen to their pet(s) if left behind. 85% of women and children entering a shelter report that their abuser had threatened, injured, maimed, or killed the family pet for revenge or psychological control. That is why we specialize in helping domestic violence victims. Whether someone is staying with family or friends, or finds housing in a shelter, we're here to provide temporary care for their pet(s) until they find a safe, permanent home.

Pet Food Bank Program:

No pet should ever go hungry, and no pet parent should have to suffer the stress of not being able to provide a basic necessity for their pet. We provide pet food and supplies to financially struggling individuals so they do not have to give their pets up simply because they cannot afford pet food during their time of need.

Lost Our Home has become an integral part of the community delivering life-changing and life-saving programs. Having served nearly 30,000 pets, we are poised and ready to serve thousands more.

But cannot do what we do without your help.
